If we provide personal advice to you, we are required under the law to act in your best interests and prioritise your interests ahead of our own.

You may specify how you would like to give us instructions. For example, by telephone and email, or other means.

Please note that your email and mail instructions will be deemed to have been received by us at the time we receipt your instruction and not the time you sent it. If you are working within tight time frames, please contact us directly and alert them to your email. There may be special instruction requirements for some products and services, and these will be explained in the relevant PDS. We will try to execute all such instructions on the day of receipt. However, we cannot always guarantee same day processing.

Guidance Financial Services provides personal advice. Our sister company Financial Autonomy Pty Ltd provides other services such as online courses and workshops that provide general information only.

In certain circumstances we may refer you to digital advice provider Six Park where we believe they may be best placed to assist. We have no financial relationship with Six Park and receive no benefits. Our clients who are referred to Six Park do however receive 3 months fee free. We at Guidance also have the ability to view your investments with Six Park so we can assist with your broader financial needs in the future.

3. Our advice process and documents

We listen first and then:

- Work with you to understand your needs, objectives, concerns and financial situation
- Decide the scope of advice consistent with your needs and wishes
- Explain what you can expect from the scope of advice agreed, along with any limitations you need to be mindful of
- Present both personal strategy and financial product recommendations in a Statement of Advice ('SOA') which explains the advice, why it is appropriate and how it's likely to benefit you. It also explains any risk, implications, fees, remuneration, benefits or associations relevant to the advice.
- Where financial products are recommended, we will also provide you with a Product Disclosure Statement (PDS) or other disclosure documentation containing key information about each product recommended. This will help you make informed decisions about whether to purchase that product.

There are other circumstances where a SOA is not necessary, and you may receive other documents:

General advice — advice provided in seminars and through newsletters, which does not consider your personal circumstances

*Authorised for distribution by Sprout Financial Pty Ltd
ABN: 22 616 589 792 AFSL 495546
11/207 Buckley St Essendon VIC 3040 Tel: (03) 9870 6544*

Factual information — factual information about your investments, or financial assets, such as valuations, performance figures and progress reports

Further advice — if you previously received advice in an SOA, we may record any further personal advice in a Record of Advice ('ROA'). Depending on the complexity of the advice we may or may not provide you a ROA. However, you may request a copy of a ROA by contacting us and can do so for a period of seven years from the date the further advice was first provided to you.

Ongoing services — If you agree to our ongoing services, we will provide you annually a Fee Disclosure Statement (FDS) which summarises the services agreed, their cost and the services received in the previous 12 months. We may also ask you to confirm periodically that you wish to continue with your ongoing advice engagement and or these services.

4. How we are paid

With the exception of insurance and some legacy investment products, we do not charge and/or receive commissions. Our services are charged as explicit fees always quoted inclusive of GST. These may be calculated based on flat dollar amounts, hourly rates, or as a percentage of the investment portfolio for which we are providing advice.

All fees both initial and ongoing are charged based on the time and complexity of the advice sought. Initial advice fees are normally within the range of \$1,100 - \$6,600 and you will be provided with a personalised quote prior to any work proceeding.

Ongoing advice fees range typically between \$1,100 p.a. - \$11,000 p.a. Once again you will be provided with a personalised ongoing fee quotation.

Our professional service rates per hour ranges based on the expertise and or seniority of personnel.

- Financial Advisor \$550 per hour
- Client Manager \$110 to \$220 per hour

Where we may charge an asset-based fees it could typically range between 0.33% and 0.99%. As an example on a total investment is \$500,000, an asset based fee of 0.66% would equate to \$3,300 per annum.

Any execution only, no advice transactions are charged at fee for service rates based on the time and personnel required.

As the law prohibits asset-based fees on portfolios subject to borrowed funds, we will instead agree a flat dollar cost in these circumstances. Annually ongoing service fees may be increased as a percentage in accordance with the Consumer Price Index (CPI). Where this is relevant to your fee arrangement, this will be disclosed to you in your SOA or Ongoing Advice Agreement.

Where commissions are received, an upfront commission is a one-off payment paid by the product provider based on a percentage of the insurance premium you pay.

This is paid at the time you purchase the insurance.

Ongoing commissions are also paid by the product provider based on a percentage of the amount of funds you invest (legacy products only), the insurance premium you pay or the size of the margin loan you take out (legacy products only). These are generally paid each month for as long as you hold the product and while we continue to act for you.

We retain any commissions received and allowable under the law to ensure you receive quality subsidised advice. For example, on an insurance premium of \$1,000 paying 66% initial commission and 22% on-going commission, the upfront commission would be \$660 and the on-going commission \$220 per year.

Further details about fees, commissions and or other benefits your adviser receives for recommending investments or insurance will be available to you when specific recommendations are made in the SOA or ROA.

When we send you an invoice (e.g. for the preparation of initial advice), you can select any of the methods of payment detailed on the invoice that is most suitable to you. Please note we are however prohibited from receiving cash. Alternatively, with your consent and where appropriate, you can choose to have fees deducted from your investment or superannuation account by the platform/ administration provider.

5. If you have a complaint

We are committed to providing you with quality advice. This commitment extends to providing accessible complaint resolution for you.

We will acknowledge receipt of a complaint immediately, made as soon as practicable and we will try and resolve your complaint within 45 days.
